4. What we will not do with your data

- We will not publish your individual voting, ranking or allocation decisions
- We will not share your name publicly as a Decision Maker without asking for your separate, explicit consent
- We will not pass your contact details to third parties for marketing purposes
- We will not use your demographic data for any purpose other than ensuring a broadly representative group of Decision Makers
- We will not retain records of how you voted or allocated funding during the process – only anonymised group outcomes are kept.

5. Limits of anonymity in live sessions

Please be aware that because the Decision Maker process involves live online and in-person sessions, we cannot guarantee full anonymity to other participants, facilitators or organisers. If you are selected, other people will know that you are one of the Decision Makers. This is inherent to the participatory process and cannot be avoided.

We will not publish your name in connection with your role as a Decision Maker without your separate consent.

6. How long we keep your data

We keep different types of information for different lengths of time:

Your contact details and sign-up information (name, email, phone, postcode, availability and motivation response) are kept for the duration of the Give it a Go process and for 12 months afterwards, then securely deleted.

Your demographic information (age, gender and ethnicity) is deleted at the end of the Give it a Go process or when you withdraw your consent, whichever comes first.

Information about whether you declared a conflict of interest is kept for 12 months after the end of the process to support any audit or review.

We may keep anonymised summary information about the overall group of Decision Makers for longer, for the purposes of learning and improving future rounds. This information cannot identify you individually.

7. Your rights

Under UK GDPR, you have the right to:

- Access the personal data we hold about you
- Request correction of inaccurate data
- Request erasure in certain circumstances
- Object to processing based on legitimate interests
- Withdraw consent where processing is consent-based (this will not affect processing already carried out)
- Lodge a complaint with the Information Commissioner's Office (ICO) at ico.org.uk

To exercise any of these rights, or to raise a question about how your data is used, contact Our Future at: growingtogetherfund@our-future.io If you are not satisfied with how we have handled your data, you can complain to the Information Commissioner's Office at ico.org.uk or by calling 0303 123 1113. If you withdraw your consent for us to use your demographic information, we will delete that data promptly. This will not automatically stop you from being a Decision Maker — we will contact you to discuss next steps.

8. Changes to this notice

This notice may be updated as the programme develops. Any material changes will be communicated to participants before they take effect.
